Why to Upgrade Your Meeting to LaunchPad

Flawless Presentations

Let your presenters showcase their work exactly as they intended. Mac, Windows or Linux. No Conversions. *Any format. Any video. Any size.*

Instant Presentation Switching

Eliminating wait time between presentations reclaims precious hours at your meeting.

Faster Uploading

Don't let the Speaker Ready Room at your meeting be a torture chamber. Streamlined upload processes and expert technicians help your presenters put the finishing touches on their presentation or simply get them in and out in mere minutes.

Session Recording

Capture every presentation at your meeting

Central Monitoring

All session computers are monitored live from the Speaker Ready Room, for instant assistance when needed.

Flexible, Intelligent Upload Tracking

Upload as many versions of your file as you want up until the time of your talk.

Presentation Experts

We aren't AV techs, we're highly trained IT professionals who have facilitated tens of thousands of presentations.

Scaleability

LaunchPad can improve meetings of any size from 10 to 10,000 presenters.

Meeting Branding and Sponsorship

A unified system allows for a coherently branded meeting in every room as well as a multitude of sponsorship possibilities with a virtual billboard in every room.
